Holder for
67mm & 45mm Silicone Collimators

LLH66

LLH66

Time To Market and manufacturing flexibility improvements are a key to success. GAGGIONE is now providing an extensive mechanical system dedicated to its popular LLC66x7 67mm and LLC79x7 45mm Silicone collimator ranges. It provides a very short integration time while allowing full flexibility on source and COB interface choices.

Product structure is based on an assembled cage holder + collimator set combined with 7 different base options to fit various available COB interfaces.
